

Now that the revised curriculum has been taught, please consider the Implementation and Impact of the curriculum you taught. What changes might need to be made to the Curriculum Intent (See Curriculum Map and Overviews) in light of this year's experiences?

### Year 9 Overview 2024-25 – Art

Date	Wk	Week	Units Studied & Learning Outcomes	Key Concepts & Assessment						
15 weeks (15 Lessons)										
2-Sep	A	1	<p><b>Bugs – Drawings and shading unit</b></p> <p>Building on prior knowledge of observational drawing skills. Pupils learn how to draw bugs using step by step resource sheets which builds on drawing confidence. There are differentiated step by step sheets which include more complex and detailed bugs for higher ability students. Pupils start using the step by step guides and progress to drawing from their choice of bug photographs. Identify the features of the different bug shapes and the size and positioning of the legs. Draw five detailed bugs, each on A6 paper. Proportion and accuracy needs to be considered. Pupils build on their shading and blending skills using 6B pencil and coloured pencils. Introduction to drawing with ink. Pupils learn how to apply drawing ink to one of their bug drawings using a cocktail stick. Pupils experiment with cross hatching and scribble techniques to create areas of tone. Pupils create an A4 background using overlapped layers of paper and acrylic paint. Pupils apply 'BUGS' lettering from newspapers and/or magazines or find their own fonts digitally and print them. Pupils stick their bugs and lettering to their background considering composition carefully.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Prior – Y8</th> <th>Current</th> <th>Next – Y10</th> </tr> </thead> <tbody> <tr> <td>Recall of the previous line work projects. Drawing accurately using different techniques, skills and media.</td> <td>All pupils have experimented with line work using a variety of media. Pencil, pen, ink, water colour and acrylic. They have used mixed media to create a background.</td> <td>Pupils build on, practise and develop the skills they have learned to use in GCSE.</td> </tr> </tbody> </table> <p><b>GW:</b> You have looked at the step by step 'Bugs' and drawn them. You have</p>	Prior – Y8	Current	Next – Y10	Recall of the previous line work projects. Drawing accurately using different techniques, skills and media.	All pupils have experimented with line work using a variety of media. Pencil, pen, ink, water colour and acrylic. They have used mixed media to create a background.	Pupils build on, practise and develop the skills they have learned to use in GCSE.	<p>Drawing and Shading</p> <p>Observational drawing skills, using a source that is skill dependent. Ranging from step by step guides to photographic images. Developing and practicing tonal work skills using a variety of media.</p> <p>Key words for learning/ Tier 2/3 Vocabulary</p> <p>Drawing - a picture or diagram made with a pencil, pen, or crayon rather than paint</p> <p>Shading – slight variation or difference of colour</p> <p>Blending – the action of mixing or combining things together</p> <p>Composition - the action of putting things together; formation or construction</p> <p>Detail – to give full information about</p> <p>GCSE/ Subject Links</p> <p>DT &amp; Maths, drafting and proportions. Science, the anatomy of insects.</p> <p>In 1940, a collection of prehistoric cave paintings were discovered. The 15,000 to 17,000 year old paintings, consisting mostly of animal representations, are among the finest examples of art from the Upper Palaeolithic period. The pictures depict in excellent detail numerous types of animals, including horses, red deer, stags, bovines, felines and what appear to be mythical creatures.</p> <p>How will we know they have learned this?</p> <p>Practical evidence, ST tracking exams, Assessment books and questioning.</p> <p>Careers</p> <p>Graphic designer, Animator, Illustrator, Designer.</p> <p>Assessment</p> <p>KS3 - Continual verbal feedback - WWW, EBI record that is completed during each project (generally around the middle of the project). End of project assessment, including self, peer and teacher assessment, in addition to the formal tracking points. At least twice during a project, sketchbooks are shared to gather a holistic understanding of the work, this allows pupils to learn from each other, and be inspired by their peers.</p>

2-Dec	A	13	<p>experimented with different medias. You have created your own background paper. <b>BI:</b> Your drawings are accurate. You have created tone when using the different media. The background has different colours on it that complement the drawings. <b>EW:</b> Your drawings are accurate and detailed. Your drawings are shaded using a large variety of tone. The background paper is layered, paper has been stuck on and acrylic paint has been used.</p>							
9-Dec	B	14								
16-Dec	A	15								
<b>Christmas Holiday</b>		6 weeks (6 lessons)								
6-Jan	B	16	<p><b><u>An introduction to Photography – basic camera skills</u></b></p> <p>An introduction basic camera skills. Students set up and use the cameras for the first time; having the opportunity to experiment with different camera settings and use different focal ranges. Students create the letters of the alphabet through photography (26 photographs). The letters can be created by finding objects or textures that visually look like letters or the letters can be constructed e.g. hand shadows, spelling out letters using leaves/twigs/personal belongings. Students can create words using the letters they have captured. Images can be analysed and annotated; considering lighting, viewpoints, textures, camera settings, focal points.</p> <table border="1"> <thead> <tr> <th>Prior</th> <th>Current</th> <th>Next – Y10</th> </tr> </thead> <tbody> <tr> <td>Recall of any basic camera skills.</td> <td>All students have had opportunity to use a camera.</td> <td>Students build on, practise and develop camera skills and progress on to Photoshop editing skills.</td> </tr> </tbody> </table> <p><b>GW:</b> Students have experimented with the camera, different focal ranges and taken the alphabet through photographs. Images are analysed and annotation identifies both positive and negative</p>	Prior	Current	Next – Y10	Recall of any basic camera skills.	All students have had opportunity to use a camera.	Students build on, practise and develop camera skills and progress on to Photoshop editing skills.	<p>Developing basic camera skills With a focus on being able to take in focus photographs at different focal ranges. Opportunity to experiment with composition and angle/viewpoints.</p> <p>Key words for learning/ Tier 2/3 Vocabulary Focal Point – The most important part of the image where the eye is first drawn to Angle – The point from which the photograph was taken Composition – The arrangement of the subject and surrounding elements Exposure – The amount of light allowed through the camera lens Underexposure – when too little light reaches the camera lens, producing a dark image Overexposure – when too much light reaches the camera lens, producing a Subject – is the ‘object/person’ being photographed. Foreground – The image/scene in front of the main subject in the photograph Background – The image/scene behind the main subject of the photograph Macro – Making small objects larger scale</p> <p>GCSE/Subject Links DT and Maths, Measurements, rule of thirds.</p> <p>There are seven basic elements of photographic art: line, shape, form, texture, colour, size, and depth. As a photographic artist, your knowledge and awareness of these different elements can be vital to the success of your composition and help convey the meaning of your photograph. The first camera obscura used a</p>

Now that the revised curriculum has been taught, please consider the Implementation and Impact of the curriculum you taught. What changes might need to be made to the Curriculum Intent (See Curriculum Map and Overviews) in light of this year's experiences?

27-Jan	A	19	themes. <b>BI:</b> Students images are in focus and it is evident that composition has been considered. Students have creatively constructed some of the letters, using found objects. Images are carefully analysed and annotation is detailed. Students use key Photographic key terms where possible. <b>EW:</b> Students images are visually interesting, they have experimented with composition, viewpoints and angles. Students have experimented with lighting and creating a shadow. Annotation is detailed and accurately uses Photographic key terms which link to their images.	pinhole in a tent to project an image from outside the tent into the darkened area. It was not until the 17th century that the camera obscura became small enough to be portable. Basic lenses to focus the light were also introduced around this time. The First Permanent Images - Photography, as we know it today, began in the late 1830s in France. Joseph Nicéphore Niépce used a portable camera obscura to expose a pewter plate coated with bitumen to light.
3-Feb	B	20		How will we know they have learned this? Practical evidence displayed in sketchbooks, work in progress and questioning.
10-Feb	A	21		Careers Photographer; Commercial and Advertising, Corporate, Editorial and Press, Fashion, Fine Art, Wedding, Portraiture, Medical, Property, Industrial, travel, theatrical, legal, documentary. Digital Imaging Specialist, Picture Researcher, Art and Photo Editor.
				Assessment KS3 - Continual verbal feedback - WWW, EBI record that is completed during each project (generally around the middle of the project). End of project assessment, including self, peer and teacher assessment, in addition to the formal tracking points. At least twice during a project, sketchbooks are shared to gather a holistic understanding of the work, this allows pupils to learn from each other, and be inspired by their peers.
Half-Term		6 weeks (6 lessons)		
25-Feb	B	22	<b>Identity letters</b> Pupils will gather images, text, personal photos and different styles of font of their initial from the internet that demonstrate their personality and who they are. Students can also create illustrations and bring in small objects such as a keyring to represent themselves. Students will then print out a template for their 3D letter to cut around. This letter must fill an A4 page and be bold enough to be stable when	Developing 3D skills 3D Skills, crafting and shaping cardboard. Accurately and safely using a craft knife. Using wallpaper paste and book paper to create papier mache.  Key words for learning/ Tier 2/3 Vocabulary Papier Mache – A malleable mixture of paper and glue, or paper, flour, and water, that becomes hard when dry used to make boxes, trays, or ornaments. Construct – Build or make Identity – The fact of being who or what a person or thing is

3-Mar	A	23	cut. The letter font they pick need to be suited to their ability, abler students will pick a cursive letter that is trickier to cut out. Once their template is cut out they will need to draw around it onto two pieces of cardboard to create a front and a back. Students will need to construct the letters to create the 3D form. Using a thinner piece of card, they will bend it vertically against one of the cut out letters, securing it with gum strip in small pieces. Students will then add the second cut out letter and secure it to the top using gum strip again. Students will begin to cover their 3D letter with papier mache, they will use recycled books and wallpaper paste. Using small strips of book pages and applying a small amount of wall paper paste, cover the strip and apply it to the letter, starting from the edges. Once completely covered, students will cut out the images, text and photos they brought in and apply those across the letter. Thinking about the overall look of the letter and placing their images carefully.	GCSE/Subject Links DT and Maths, Measurements and crafting. EFL: Identity.  Why are so many in the Western world of today preoccupied with and troubled by identity (their own, their gender, their ethnic or religious' group, even their continent's identity. How did identity become such a major problem in our time? Identity has, of course, a history. The fact that people ask questions about their identity is, or so it seems, a relatively modern phenomenon. Papier Mache originates from China, the inventors of Paper itself. Papier Mache was used to make helmets of all things dating back to Hans Dynasty.						
10-Mar	B	24		How will they know they have learned this? Practical evidence, Assessment books and questioning  Careers 3D designer, Construction worker, Architect, Sculptor, Set designer, Theatre help/ construction.						
17-Mar	A	25	<table border="1"> <thead> <tr> <th>Prior – Y7</th> <th>Current</th> <th>Next – Y10</th> </tr> </thead> <tbody> <tr> <td>Students will build on their 3D skills from the Jon Burgerman project in Y8. **Prompt Questions**

**Now that the revised curriculum has been taught, please consider the Implementation and Impact of the curriculum you taught. What changes might need to be made to the Curriculum Intent (See Curriculum Map and Overviews) in light of this year's experiences?**

**Please revisit the prompts from last year:**

- What are the Key concepts for this unit?
- How will it link to wider disciplinary knowledge/cultural capital: history, culture, authentic artefacts, music, art, literature?
- How does it build on prior knowledge and link to other units, concepts, years, GCSE?
- What is it intended students will have learned?
- For each Unit? By the end of the Year?
  - GW: ; BI: ; EW
- Is it worth summarising in a knowledge organiser?
- **Assessment: how do you know they have learned the foundational concepts, curriculum and wider disciplinary knowledge? Does assessment look like GCSE light? Should it?**
- Skills used/learned
- Tier 2/3 vocabulary ((Etymology e.g. of Greek/Latin)
